

Oil Pipeline Filing
CalneV Pipe Line LLC
September 18, 2024

Ms. Debbie-Anne Reese, Acting Secretary
Federal Energy Regulatory Commission
888 First Street NE
Washington DC 20426

Dear Acting Secretary Reese:

In accordance with the requirements of the Interstate Commerce Act (ICA) and the Rules and Regulations of the Federal Energy Regulatory Commission (FERC), CalneV Pipe Line, LLC (CalneV) submits for filing the following tariffs ("Index Tariffs") to be effective September 18, 2024, which is on less than one day's notice:

- FERC Tariff No. 32.17.0, local tariff applying on interstate transportation of petroleum products (cancels FERC Tariff No. 32.15.0)
- FERC Tariff No. 34.15.0, a joint tariff applying on interstate transportation of petroleum products (cancels FERC Tariff No. 34.13.0)

I. Explanation of Tariff Filing

CalneV is filing the Index Tariffs in compliance with 18 C.F.R. § 342.3 (Indexing) and the FERC's Order Reinstating Index Level¹ to increase certain of the rates and fees for services outlined in the Index Tariffs, with such increases to become effective September 18, 2024. Pursuant to 18 C.F.R. § 342.3, CalneV is enclosing herewith an Index Summary that outlines, with respect to the rates and fees in the Index Tariffs, the following information: (1) the current rates and fees, (2) the index ceiling levels that are now effective pursuant to the Order Reinstating Index Level,² and (3) the rates and fees that will become effective on September 18, 2024.

II. Request for Special Permission to File on Short Notice

In accordance with the Order Reinstating Index Level,³ CalneV requests special permission to issue the Index Tariffs on less than one day's notice under authority of 18 C.F.R. § 341.14 and § 341.2, so that the adjusted rates reflected therein go into effect on September 18, 2024. CalneV submits that good cause exists for granting this request. First, the Commission expressly indicated in the Order Reinstating Index Level that oil pipelines may request special permission to have their proposed rate increases made in accordance with such order become effective on less than 30 days' notice. Second, all shippers have been on more than 30

² In accordance with the Order Reinstating Index Level, CalneV has calculated the index ceiling levels that are now effective based on application of the revised index multipliers set forth in the table included in Paragraph 1 of the Order Reinstating Index Level for each period. The calculation of these index ceiling levels is also reflected in the information filing that PPL submitted in Docket No. IS24-464-000 on August 9, 2024. The June 30, 2021 ceiling level was established in Docket No. IS21-437-000.

days' notice that the increased rates would go into effect upon the Court of Appeals for the District of Columbia Circuit's issuance of the mandate on *LEPA v. FERC*⁴ (which was issued on September 17, 2024) and the FERC's issuance of the Order Reinstating Index Level. Calnev acknowledges that this tariff publication is conditionally accepted subject to refund pending a thirty-day review period.

Other than the changes described above, Carrier is not making any other proposed changes to the Index Tariffs.

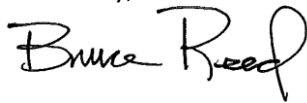

FERC Tariff No. 34.15.0 is a joint tariff in conjunction with SFPP, L.P. (SFPP). Attachment A also contains the Rate Justification Table showing that the joint rates in Calnev's FERC No. 34.15.0 do not exceed the sum of the individual local rates for the same movement, which are contained in Calnev's FERC No. 32.17.0 and SFPP's FERC No. 196.30.0. SFPP concurs with this joint tariff filing, and the contact for SFPP is the undersigned.

I hereby certify that copies of this filing have been sent, on or before this date, by means of transmission agreed upon, to all subscribers on the Calnev subscriber list.

In accordance with 18 CFR § 343.3(a), Calnev hereby requests that any protest of the attached tariff be emailed to Calnev in care of the undersigned at Tariff_Group@kindermorgan.com.
