

Ms. Debbie-Anne A. Reese, Acting Secretary
Federal Energy Regulatory Commission
888 First Street NE
Washington DC 20426

Dear Secretary Reese:

On May 24, 2024, Cypress Interstate Pipeline LLC (“Cypress”) filed the following tariffs to be effective July 1, 2024, with the Federal Energy Regulatory Commission (“FERC”):

- FERC No. 8.14.0, local rate tariff applying on purity ethane and commercial ethane transportation (cancels FERC No. 8.13.0); and
- FERC No. 9.16.0, volume incentive tariff applying on purity ethane and commercial ethane transportation (cancels FERC No. 9.15.0);

Cypress is filing herewith a correction to the Tariff Schedule Changes Table that was provided in the May 24 Filing. There are no changes to the tariff, or the rates included in the filing. Cypress inadvertently used the 2023 FERC Index Rate in the calculation of the July 1, 2024, Index Ceiling Level. The corrected table shows a lower ceiling level rate for July 1, 2024, but does not change the rates because Cypress had elected to charge a rate less than the applicable ceiling level.

Certification

I hereby certify that copies of this filing have been sent, on or before this date, by means of transmission agreed upon, to all subscribers on the Cypress subscriber list.

In accordance with 18 C.F.R. § 343.3(a), Cypress hereby requests that any protest of this filing be emailed to the undersigned at tina_hardy@kindermorgan.com.
